- 4 Erasmus+ International Credit Mobility partner countries
The International Relations Department

The task of the International Relations Department is to implement the University’s international relations policy: encouraging cooperation and networks, developing mobility and measuring our international activities.

We are taking steps to make the university more international:

→ facilitate access to international external funding with a dedicated unit,

→ promote academic exchanges within dedicated structures: International University House, France-Japan University House,

→ implement international cooperation, share good practices and connecting people within various networks.

The University of Strasbourg

👩‍🎓 52 000 students, 🧑‍🏫 5 000 academic and administrative staff, 📚 35 departments,

🔍 71 research centers, ✨ 35 faculties, schools, institutes, 📚 25 libraries,
